Canadian Engineer Inaugurates Radio System in New Waldorf Hotel

Paul E. Demers of the Radio Laboratory staff of the Northern Electric Company in Montreal, and well known in radio broadcasting circles throughout Canada, was selected to inaugurate the centrally operated radio receiving system specially developed in the Bell Telephone Laboratories, for the New Waldorf-Astoria Hotel which was opened in New York this month. Mr. Demers is here seen receiving the first "speaker" for use in his suite.

Today's Convention.

At the U.F.A. Constituency convention which meets today at Magnolia a good sized card of speakers is billed, among those on the card being Premier Brownlee, Pres. W F Brundage will be in the chair, with Mr W C Matthews of Seba acting as secretary, the regular secretary Mr Joe Best, being still confined to his home thru illness.

Farmers Go A Hunting.

About a dozen big game hunting parties left for the West over the week end; among these being the party headed by Levi Stevens, who took up the party of good shots which usually accompanies him on his annual trip to the moose country. The party went up in three cars, and took a truck, packing a cayuse in the latter, for sinking the moose carcasses thru the brush back to camp.

U. F. Local Elects Delegates

Stony Plain U. F. A. Local held its regular meeting on Saturday afternoon, in their hall, with President Propp in the chair. Secretary George Herbert and Mr K Schlecker were elected as delegates to the Magnolia convention; Pres. Propp will attend, as a director of the Association. Among those present at the meeting was Mr Donald MacLeod, our Assemblyman, who gave a short address.

The Beer Parlor Discussion.

Stony Plain Electoral Constituency is one of the five districts over which the storm has raged, before the Special Investigating Committee appointed by the Provincial Government to inquire into the bona fides of certain signatures to the beer parlor petition. The other four Electoral Constituencies are: Whitford, St Albert, Grouard, Athabasca. The beer parlor petition has been presented by the Alberta Prohibition Association and asks to have changes made in the Liquor Act.

The committee is under the chairmanship of Mr A A Carpenter, and has had a number of sittings to determine the question above.

One point under discussion is, whether the matter comes under the Direct Legislation Act. The Hotelkeepers Association representative has been taking quite an interest in the discussions.

With regard to the petition Hon J F Lymburn, attorney-general says: "It is anticipated that the report of the special committee will be available for the consideration of the Legislature when it meets, and it will be then for the House to come to its own decision in the matter, after considering all relevant information available."

A Call To Service

Throughout Canada and the United States national campaigns are now in progress to raise funds and supplies wherewith to meet the needs of hundreds of thousands of people without employment and lacking the very necessities of life.

In the United States a great voluntary organization has been called into existence upon invitation of President Hoover, and it is now engaged in a whirlwind campaign organized upon similar lines to those followed during the war and in the recent Red Cross food disaster appeal. The press, the theatres, the radio, the pulpit, every known kind of organization,—all are being mobilized with a view to raising tens of millions of dollars within a few weeks.

In Canada, the Federal and Provincial Governments have assumed responsibility for relief measures, assisted by the municipalities. During the last session of parliament, following Premier Bennett's description of the existing situation in Western Canada as "a national calamity," the House of Commons unanimously voted an unlimited amount of relief. It was not made a party issue, but the Government's request for adequate funds was supported by Conservative, Liberal, Progressive and Labor alike.

But in Canada, as in the United States, the magnitude of the need, and the urgency of the claims of tens of thousands of people upon the sympathy and practical support of their fellow citizens, calls for the active co-operation of all people and organizations. The problem is too big for even the united forces of Federal and Provincial Governments.

The Prime Minister of Canada has, therefore, made an appeal to all the people of Canada, and all the organizations of Canada, to support a nation-wide campaign to raise funds to supplement the efforts of governments in meeting the needs of those who must be supplied with food, clothing, fuel and shelter throughout the coming winter months.

In other times of national disaster, such as the Halifax explosion and the northern Ontario fires, or international disasters like the Japanese earthquake, the people of Western Canada organized their forces and gave generously to the needs of the stricken. This year not so much will be expected from the people of the Prairie Provinces; instead of being given, thousands of our people will be the recipients. It is because of the Western situation that the present appeal is made; it is in the West that conditions approaching a national disaster exist.

Nevertheless, there is much that our Western people can do to assist each other; much that neighbor can do for neighbor, and friend for friend. There are thousands of us who can still spare a little something for someone else. Quite a considerable number of people have already "adopted" some other person or family and have been assisting them for months past, and will continue to do so while the necessity exists. This quiet, unostentatious "adoption" of others in need can, without very great sacrifice on the part of many, be very greatly extended. It will assist Governments in meeting their problems; it will help to keep down the mounting burden of public debt and taxation which is liable to seriously cripple our future activities and return to better times; it will save some of the more sensitive people from "going on relief" which some regard with almost as much dismay as starvation itself.

Let us, therefore, re-capture some of the old war-times spirit of service and sacrifice. Let us feel the thrill of a great spiritual experience. Let us do our part, small though it may be, to make adequate provisions for those in need in our own communities, so that the fear of cold and hunger will be banished from the hearts of thousands of our fellow-citizens. Such gifts bless the giver. It will lift your own spirit. It will help to put the depression and lay a firm foundation for better times. These great national campaigns in Canada and the United States may well prove the turning point in that direction. Therefore, do your part, liberally as you can; most gladly in any event.

Fine Collection of Paintings

One of the finest collections of paintings in the world is soon to be gathered in a new gallery at the Vatican. The gallery covers an area of more than 9,000 square yards. Half a dozen spacious salons will house paintings of six principal art schools, from the Byzantine to that of the 19th century. Two special galleries are completely dedicated to the work of Leonardo da Vinci and of Raphael.

Money talks, but apparently doesn't speak the same language in the United States that it does in Canada.—Toronto Star.

To the conservative minds of many airplane accidents serve as advertisements for the railroads.

The Mother of Seven Children Used It for Diarrhoea

Mr. Ray Driskwater, R.R. No. 2, Hagersville, Ont. writes:—"I am the mother of seven children, and last summer one of them, 17 months old, was taken very sick with diarrhoea, and I thought she was going to die. My husband went 7 miles to see what my sister had given her baby, and he came home with a bottle of Dr. Fowler's Syrup of Wild Strawberry. I gave the child a few doses and she was soon well again. My other children, also had diarrhoea at that time and I gave them 'Dr. Fowler's' with the same results."

Pacific Relations Meet

Fourth Biennial Conference Is Held At Shanghai

The fourth biennial conference of the Institute of Pacific Relations, the non-official group for the discussion of international problems, was held in Shanghai. It was the first such conference in China, the first two having been held in Hawaii and the third in Kyoto, Japan. Despite the Sino-Japanese difficulties in Manchuria, complete delegations for both Japan and China were present.

Dr. Huashih, Chinese poet, philosopher, and cultural leader, president of the conference and Japanese and Chinese members realized good might result from their meeting together as enlightened men and women "regardless of the calamities which befall their countries through the folly of their rulers."

SAVED IMPORTED DRESS

"After a little wearing, a lovely green voile—an imported dress—lost colour so completely that it was not wearable. A friend who had admired it asked me why I wasn't wearing it any more. On hearing the reason she advised me to wash and re-dye it. I had a lovely new dress that really cost just 15c—the price of one package of Diamond Dyes."

"I have since used Diamond Dyes for both tinting and dyeing. They do either equally well. I am not an expert dyer but I never have a failure with Diamond Dyes. They are so easy to use they say go on smoothly and evenly. They never spot, streak or run. My friends, never know the thing I did with Diamond Dyes are redyed at all!"

Mrs. R.F., Quebec.

Gifts For Mussolini

Shipment Of Plums From Nelson, B.C. For Italy's Premier.

A gift shipment of plums from a Nelson, B.C. orchard will leave here on S.S. California, for Benito Mussolini, Italy's premier, according to the Empire Shipping Company. The fruit is the gift of G. Macdonald, Mr. Macdonald is a warm admirer of Il Duce.

Express company officials state that Fascists resident in British Columbia, Alberta and Saskatchewan send many gifts to the Italian leader.

Dread Of Asthma makes countless thousands miserable. Night after night the attacks return and even when brief respite is given the mind is still in torment from continual anticipation. Dr. J. D. Kellogg's Asthma Remedy changes all that. Relief comes, and at once, while future attacks are guarded off, leaving the afflicted one in a state of peace and happiness he once believed he could never enjoy. Inexpensive and sold almost everywhere.

Ruling On Aviation

Provinces Have Control Only Within Their Own Boundaries

The Judicial committee of the Privy Council has allowed the appeal of the Dominion Government of Canada against a decision of the supreme court of Canada on the reference of the question of whether the Dominion or the Provincial authorities have jurisdiction over aviation matters in Canada.

The supreme court had decided the Dominion may control such aeronautical matters as are involved in international affairs and such aerial activities as the Dominion itself engages in, but ruled the provinces had jurisdiction to control and legislate on aviation matters within their own boundaries.

The supreme tribunal, however, upheld the Dominion Government's contention to supreme jurisdiction over aviation matters in Canada. "Their lordships' decision incidentally upheld the validity of Dominion aeronautical legislation which had been challenged by the provinces."

Saving Historic Battlefield

Bannockburn, historic battlefield of Scotland, is to be preserved for posterity. The national committee formed last year to raise funds for the purchase of 38 acres encompassing the battlefield, in the vicinity of Borestone, has just announced that it has acquired the property.

Faith, Hope, and Charity. Three negro triplets, claim they are nearing their 11th birthdays. The three mummies say they were born in Guinea Christmas Day, 1819.

W. N. U. 1914

Both Premiums and Losses Much Lower

Marked Drop Shown In Business Of Hail Insurance Companies

Business done by the 53 hail insurance companies operating in western Canada in 1931, amounted to only about one-sixth of the 1930 total, both the income and losses of the companies being reduced to this proportion of the previous year's business.

Net losses amounted to \$403,051 in 1931, as against losses of \$2,651,326 last year. This represents a saving of \$2,248,275 in 1931 from the 1930 figure.

At the same time the gross premiums in the three prairie provinces dropped from \$2,965,389 last year to \$431,120 in 1931. Accordingly the gross income of the companies decreased by \$2,525,269 during the present year.

These conclusions were to be drawn from figures supplied to The Regina Leader-Post by H. H. Campkin, secretary of the Canadian Hail Underwriters' Association.

Alberta had suffered particularly heavy losses in proportion to the premiums paid for the past few years. Mr. Campkin indicated that "From the repeated disastrous experience in the province of Alberta, many of the companies are seriously considering withdrawing from that province or from the hail insurance business entirely," he said. "Three companies in business since 1916 have already signified their intention to discontinue writing this class of insurance."

Of the 53 companies whose premiums and losses were represented in the figures he said, 36 were now writing in Alberta, 51 in Saskatchewan and 46 in Manitoba.

From the gross premium totals the expenses of carrying on business would have to be deducted.

An Oil For All Men.—The sailor, the soldier, the fisherman, the lumberman, the out-door laborer and all who are exposed to injury and the cold, should have Dr. Thomas' Electric Oil. A true and faithful friend. To ease pain, relieve colds, rheumatism, and all other ailments, overcome rheumatism, it is excellent. Therefore, it should have a place in every medicine chest and be amongst those taken on a journey.

Canada's Boat Industry

The building of small pleasure boats and canoes has expanded in a marked degree within the past five years by 30 per cent. in the number of establishments and by 88 per cent. in the value of the products made. The centre of the industry is Peterborough, Ont., where about 25 per cent. of the craft are turned out, the value of which runs to about \$600,000, while the production of all Canada is around \$2,000,000.

Winter Traffic

Manitoba To Keep Six Provincial Highways Open During Winter Season

Six Manitoba trunk highways are marked by the government. Good Roads Branch to be kept open for 1932 winter traffic. They are:

Winnipeg to western boundary of the province via Portage la Prairie, MacGregor, Carberry, and Brandon. Winnipeg to Stonewall. Winnipeg to Winnipeg Beach. Winnipeg to Whitecourt. Winnipeg to St. Anne. Winnipeg to Emerson.

Testing New Seaplane

A seaplane that can be taken apart and stowed in a tube in three minutes for carrying on a submarine is being tested by the United States navy. England already has adopted a submarine aeroplane.

"I'M going, anyway"

THE modern Miss needs no "line out" for the time of month.

If you've ever taken Aspirin for a headache, you know how soon the pain subsides. It is just as effective in the relief of those pains peculiar to women!

Don't dedicate certain days of every month to suffering. It's old-fashioned. It's unnecessary. Aspirin will always enable you to carry on in comfort. Take enough to assure your complete comfort. If it is genuine Aspirin it cannot possibly hurt you. Aspirin tablets do not depress the heart. They do not upset the stomach. They do nothing but stop the pain.

Headaches come at inconvenient times. So do colds. But a little Aspirin will always save the day. A throat so sore that you can hardly swallow is made comfortable with one good gargle made from these tablets. Neuritis, Rheumatism. Pains that once kept

people home are forgotten half an hour after taking a few of these remarkable tablets. So are the little nagging aches that bring fatigue and "nerves" by day or a sleepless night.

Genuine Aspirin tablets cost so very little after all, that it doesn't pay to experiment with imitations!

Made in Canada

Sees New Period Beginning In Expansion And Development Of Business In Western Canada

(By John F. Sweetling, Industrial Commissioner, Western Lines, Canadian Pacific Railway)

No change of particular note has taken place in the West during the last month. Conditions remain steady with varying changes in trade and some seasonal increases. The grain crop has been rapidly harvested and, while short in volume in the West, is of good grade. Advantage has been taken of the favourable weather to prepare land for the 1932 crop, and heavy rainfalls at intervals in different parts of the West have put the land in good condition for such operation.

One of the most interesting events during September was the visit of the Canadian Chamber of Commerce to the West and the holding of its annual meeting in Regina. The visit brought with it the opportunity of a full discussion on Canadian affairs and conditions, and enabled a broader view of the existing situation and prospects for future business to be gauged than is possible when considering only local affairs. It is probable that in paying so much attention to the debit side of the present business, the value of Canada's assets which apparently amount to something over thirty billion dollars not including undeveloped natural resources, has been overlooked. While such resources are not, of course, inexhaustible, they are factors in calculating the business of Canada for future years.

It is along these lines that present business must give heed to what is going to accomplish in the next 10 years, rather than to its immediate outlook. Granted that the industrial situation has shown some retrogression and the crop of the West is below the average in quantity and price, the crop situation in Eastern Canada, the increase in construction work, the tourist business, lower production and living costs, must be factors in the building up of new business, which will show much greater gains, by reason of present reductions, when the upward movement starts. Perhaps the present is being watched closely to see the coming change, or only the immediate situation is being envisaged, while not enough heed is being given to what the future holds in store.

Industrial enquiries coming into the West are of sufficient significance to give rise to the idea that a good deal of consideration is being given to this field as a manufacturing centre, and that if plans for actual development are being held up, there is no slackening in the investigations taking place by representatives both from Great Britain and the United States. Conversations which have taken place between the West and overseas representatives all look to the ultimate development of Western branches in a field that will yield good business in the near future, and which recognizes the necessity of manufacturing within the territory. While the present is difficult, there appears to be little doubt as to the expansion and development of the Western field in the not too distant future.

Undoubtedly, the low price of staple articles has produced a good flow of domestic business, but the many uncertainties in the present situation, notwithstanding low costs, are holding up the purchase of major products, such as machinery, which means that

the large industries are not getting the necessary support. Confidence is still lacking in relation to the situation as a whole, but constructive efforts are being brought to bear on a situation which must, by reason, so far as Canada is concerned, of its productive powers and ability to find new markets, soon get back to a trading level of characteristic proportions. This is essentially the beginning of a new period, within which consideration must be given to future business and preparation made to take advantage of it. A way out has always been found. The present situation demands a new gateway. Its solution appears to be near.

By Annette

495

LOADS OF CHIC HAS THIS SIMPLE DAY MODEL

The bodice has an entirely new cut. And don't you like the clever shade of the reverse? The skirt is slimming with its deep pointed outline at the front.

Style No. 495 is designed for sizes 16, 18, 20 years, 36, 38, 40, 42 and 44 inches bust.

And while it looks lovely in crepe silk prints, it also looks exceedingly well in supple woollens.

Then again for more dressy occasions, you can make it in a satin crepe or crepe moiré.

Size 36 requires 3½ yards 39-inch with ½ yard 39-inch contrasting. All patterns 25 cents in stamps or coin (coin preferred). Wrap coin carefully.

In Honor Of Edison

Suggestion of a national holiday honoring the late Thomas A. Edison, has been broadened into a proposed International Edison Day.

The Board of Trade Legion Post, Chicago, which proposed the idea, received a communication from Peterborough, Ont., advocating a movement to have the League of Nations set a date for a world holiday in memory of the inventor.

Facts About Baffin Island

Largest Island In the Canadian Arctic Archipelago

Baffin Island with an area of 200,000 square miles is the largest of the islands in the Canadian Arctic Archipelago. Its very size is the reason that though it was visited by Martin Frobenius, the great Elizabethan seaman in 1576, it has not borne the name Baffin longer than forty-five years.

Though the coast line was pretty well known by 1822 when Parry passed through Fury and Hecla Strait, there was still uncertainty as to whether various deep bays were actually bays and not channels dividing the island into several islands. Even Arrowsmith in his map of 1854 is not sure on this point. His map gives no name to the main island. The southern portion near Frobenius Strait he calls "Keta Inogitta," a name given by Queen Elizabeth following Frobenius's discoveries. Near Cumberland gulf the name Cumberland Island is written, a name applied to the whole island on Foxe's map, 1635. The northern portion of the island Arrowsmith calls Cockburn land, as Parry named it in 1822. Another name not shown by Arrowsmith is Foxe land applied to the southwest portion of the island, after Foxe's discovery of it in 1631.

The name Baffin, as far as the Geographic Board of Canada is aware, was first applied to the island on Admiralty Chart No. 863 published June 28, 1884. The island adjoins Baffin Bay and its eastern shores to their northern limit were seen first by William Baffin, the British explorer, when he penetrated as far north as Smith Sound on his fifth polar voyage in 1616.

Giving All They Can

Hats off to the unemployed of Walkerville, Ontario, who offer to give part of their spare time, gratis, to removing leaves and rubbish from the parks and boulevards of the town and to gathering in fruits and vegetables for welfare work, while their wives sew and knit. When the workless help one another and show an appreciative spirit the heart of the community goes out to them.

Not Safety In Numbers

Keeping his uniform trousers in pawn for nearly four months cost Police Sergeant Victor Lechman his job. He managed to get along by borrowing trousers from colleagues who happened to be off duty—until one day the whole police force was called out. The sergeant had to report in civilian trousers and was dismissed immediately.

Canada Holds Fourth Position In Per Capita Trade Among Trading Nations Of The World

Standardized Pronunciation

New Form Of English Suggested To Be Called Anglo-American

If, in the future, there is to be a standardized pronunciation of the English language there is a possibility that part of the credit must be given to Hollywood. Since the advent of the talking films the defects of British and American speech have been increasingly apparent. Instances in which the pronunciations of the two countries differed radically have necessitated the making of both an American and an English version of the same film. This is the case in a recent picture containing frequent use of the word "lieutenant" which is pronounced "lieftenant" in the English version and "lootenant" in the American version.

Now, questions Herbert Marshall, a London actor, who should not be a new form of English embodying the best points of both countries' speech and acceptable to audiences in Australia as well? He suggests that the language be called "Anglo-American" and concludes that it is probable, on the whole, that "Anglo-American" will be more "Anglo" than "American" though, he adds, Englishmen will of course, have to adopt many of the American words and forms of expression, as they are now doing, and Americans in turn will have to adopt more of the English forms of courtesy.

Mr. Marshall illustrates the necessity for the standardization of the "A" sound on the part of the English by using the word "plaza." In its correct Spanish form, the word has almost the form sound of "plaza." Some Americans call it "plaza," and others "plazas." The affected English say "plawza." There is a cockney variant with an "ai" sound. The correct "Anglo-American" pronunciation, he adds, is between "plawza" and "plawza."—Christian Science Monitor

Dehydration Of Market Fruit

Canada imports annually almost 90,000,000 pounds of dried fruit. To find out whether or not much of this could be profitably replaced by Canadian grown stock the Department of Agriculture at Ottawa has been operating experimental dehydration plants in the provinces of Ontario, Nova Scotia and British Columbia.

Canada continued to hold her position as the fifth trading nation of the world in 1930, according to the annual report of the Department of Trade and Commerce issued recently.

In per capita trade among the world trading nations the Dominion had risen from seventh position in 1913 to fourth position in 1930, while gradually moving down the scale in per capita volume of importations.

In production of printing paper, nickel, and asbestos, the Dominion led all others. Canada is the world's second largest gold producing country, and its output of wheat and zinc holds third place.

As far as exports are concerned the Dominion leads the world in wheat, newsprint, nickel and asbestos, is second in the export of automobiles and wheat flour, while ranking high in wood pulp, lumber, fish, copper, raw furs, etc.

Depressed values the world over are reflected in the trade figures for the current fiscal year. Reports issued by the Department show that for the first half of the fiscal year—April to September—this country imported commodities having a value of \$318,221,777, while the value of exports was \$295,516,982.

The imports were about \$105,000,000 lower than for the corresponding period of 1930 and the export values dropped by about \$138,000,000.

Duty collected during the six months was \$41,512,307, as against \$50,743,333, or roughly \$19,000,000 under collections for the same period a year ago.

Wood Buffalo Park Map

Most Northerly Area Of Any Size Mapped In Canada

As an aid in the administration of the Wood Buffalo Park by the North West Territories and Yukon Branch of the Department of the Interior, there has just been issued by the Topographical Survey of that Department a map of the park on the scale of eight miles to the inch.

This park lies west of Slave and Athabasca Rivers, partly in the province of Alberta and partly in the Northwest Territories, and comprises some 17,800 square miles. It is beyond the present range of intensive settlement and as a consequence maps of this region have been greatly lacking in detail, thereby rendering more difficult the problems of administration.

The present map is designated as an exploratory edition only due to the fact that the information as yet is by no means complete and much further work is required to make it so. The mapping information was largely obtained by the use of aerial photography and to date this area is the most northerly one of any considerable size mapped in Canada.

Some Facts

Farmers should not become too reckless with the big money they are making these days. Prices are liable to drop, and the first thing they know they will be facing hard times. Last week a Saugeen township farmer shipped a cow to the Toronto market and after all expenses had been paid he was 87 cents in pocket on the sale of the beast.

Car bandits took a safe containing only twenty shillings from London to Bristol before they discovered the fact. Nice to know a pound will go so far these days.

"I have been trying a hair-restorer, with no success."

"You must persevere."

"I have—I have already tried six bottles."—Fagen Oates, Yverdon.

Memo-Go Fishing!

The fishing season of 1931 may be drawing to a close, but the ardent angler, packing away his rods and flies with a sigh, has still many a fishing treat in store through the medium of "Memo-Go Fishing," just published by the Robt-Merrill Company and written by Bob Becker, internationally known fisherman and for the past ten years editor of "Woods and Waters" in the Chicago Tribune. Mr. Becker has played swordfish in the Pacific; hooked sailfish in the Gulf Stream; taken Dolly Varden trout from Alaskan waters, and angled for golden trout in lakes 11,000 feet up in the Sierras. From bass to barracuda, from trout to tuna, from pike to piranha, he tells of them all in many an exciting battle where sometimes he and quite often his quarry came off best. Canada is however his predilection, judging by the amount of space given the Dominion in this book of 350 pages. The French River, Niagara River, and Lake of the Woods region are the scenes of many of his adventures and whole chapters are devoted to the wily musky and the fighting bass that have made these waters famous. Photographs show last phase of a battle with a trout on the Niagara River.

"It is a crime being committed in this but!"

"Much more wonderful. A man lives there who has forsaken the world to become a hermit."—Kasper Stockholm.

TO KEEP YOURSELF HEALTHY

The lot of most people is much indoor work and little real exercise. That's why it's sensible, every so often, to give the system a scrub, thorough, cleansing with Dr. Carter's Little Liver Pills. All vegetable, 60 years in use.

WORLD HAPPENINGS BRIEFLY TOLD

Germans in Czechoslovakia are organizing athletic and sports clubs.

Coal produced by British mines in a recent week totalled 4,199,600 tons.

Boats owned by the Government now outnumber private craft in Poland.

The United States Government has rejected a proposal by the Egyptian Government for an international cotton conference.

Homestead entries in Alberta for the month of August reached a total of 863, of which 327 were filed by women.

The Dail Eileann has passed a bill imposing duty of 30 pence a hundredweight on imported oats and 35 shillings a hundredweight on oatmeal.

The name price as they would otherwise be paid will be given Canadian gold producers shipping gold to the Canadian mint.

Regina will go ahead with plans for the World's Grain Exhibition and Conference to be held July 24 to August 5, 1933.

During the auction sale of the plant of a well-known distillery at Achtermuchty, Scotland, recently, a comparatively new brick chimney, nearly 80 feet high, brought \$120.

A radio telephone service linking Canada, the United States and Alaska was outlined to a radio commission examiner by W. H. Walter, Chicago, representing the Telephone Bond and Share Company.

Five losses in Alberta for the first nine months of 1931 increased \$336,514 over the same period last year to a total of \$2,371,598. Edmonton losses were \$229,297, and Calgary, \$269,267.

The Government of New Zealand has decided to begin promoting the manufacture of deer skin into leather in an effort to reduce the herds of deer which are so numerous farmers complained they constituted a menace and a threat to crops.

The Wrong Gender

A member of one of the official delegations in Washington once called upon a lady of English birth and told her that he had great difficulty in mastering the English language and would most gratefully appreciate any correction she might make in his conversation. Upon leaving he bowed most politely and said:

"Madam, I must be going. I fear I have cock-roached on your time."

"You should have said 'henroached,'" corrected the lady.

"Oh thank you, Madam. I see I have the gender wrong."

Anti-Suicide Council

An advisory council designed to influence persons not to commit suicide is under consideration by the city government of Warsaw. The municipal social welfare department is drawing up the plan. Warsaw has recently suffered from a wave of suicides recently.

Footpad: "I want money. Will you buy this revolver from me?"

Air Mail Postage Rates

Reductions Go Into Effect In Order To Stimulate Business

Representations from business men all over Canada to the effect that lower air-mail postage rates would stimulate them to employ that medium for the transmission of their letters have been acceded to by the post office department, and certain reductions have now gone into effect, it was declared by post office officials at Ottawa. Instructions have therefore been sent to postmasters throughout the country informing them of the new rates.

No change has been made on the initial ounce, this remaining at six cents, but on each succeeding ounce the rate has been cut in half—from 10 cents to five. In general, the new rate is a flat five-cent one, the additional cent for the first ounce being the amount of excise tax.

For international mail, however, there is no alteration in rates.

By Annette

YOU'LL LIKE THIS SIMPLE ONE-PIECE HOME FROCK WITH ITS SLENDERIZING LINES

It's made in a jiffy! Practically only four seams to join! The youthful V-shaped neckline is most becoming. To begin with there is an inset collar with a softly falling jabot frill and attached collar in deep rever styling. There is still another point, the interesting novel envelope pockets. The removable belt may be worn at line best suited to wearer.

Style No. 750 is designed for sizes 16 years, 36, 38, 42, 44, 46, 48 and 50 inches bust. Size 36 requires 3 yards of 35-inch material, with 1/2 yard of 35-inch contrasting.

It has many possibilities for contrasting effects. Yellow and white dimity print with plain cocoa brown dimity is individually smart.

Skipper blue linen with white pin dots and plain white trim is so attractive.

Printed linen, shantung, shirting fabrics and gingham are lovely suggestions.

All patterns 25 cents in stamps or coin (cash preferred). Wrap coils carefully.

SUNDAY SCHOOL LESSON

NOVEMBER 8

PAUL AT EPHESUS

Golden Text: "Have no fellowship with the unfruitful works of darkness, but rather even reprove them."

—Ephesians 5:11

Lesson: Acts 19; Ephesians 5:3-11.

Devotional Reading: 2 Corinthians 13:11.

Explanations and Comments

The Forfeited Chance, verses 8, 9.—On his third Missionary Journey, Paul came to Ephesus, whence he followed his customary method of speaking to the Jews in the synagogue. For three months he preached there, but instead of heeding his messages and some of them even spoke evil of "The Way" (used as a synonym for Christianity; recall Acts 9:5). Paul and the Christian part of the congregation, both Jews and Gentiles, were compelled to withdraw to the lecture-room of Tyrannus. Tyrannus was probably a Gentile who had a school of philosophy, and Paul may have seemed to the Ephesians to be only one of the wandering professors of philosophy who were so numerous at Ephesus.

Two Fruitful Years, verse 10.—For years Paul continued to teach in the school of Tyrannus, and "all that dwell in Asia heard the word of the Lord, both Jews and Greeks." With in easy reach of Ephesus were the other cities of the Province of Asia, on the western shore of Asia Minor, and during these years all the Seven Churches of Asia mentioned in Revelation 1:4, 11, were probably founded. Visitors to the city on their return carried news of the great preacher to every out-of-the-way corner of the province.

Special Miracles Wrought By Paul, verses 11, 12.—This was the point, Paul the instrument. Ephesus was the center of magical arts and provided a ready atmosphere for manifestations such as are recorded in verse 12. "The handkerchief which the 'sudara' used to wipe the sweat from the workman's face, and the apron was the 'semicircle' or workman's short apron."—Bartlett.

Belief in such power was general. Superstition abounded. The spirit of expectancy was abroad. "Even though these men employed magic to display their faith, which were unnecessary, and superstitions," says the Cambridge Bible, "because of the reality of the faith, God did not suffer it to lose its reward."

Jewish Exorcists, verses 13-17.—There were strolling Jews in Ephesus who travelled from place to place making their living as magicians and exorcists, professing to be able by the use of incantations and ceremonies to expel evil spirits and deliver men from their malign influence. These Jews began to employ the name of Jesus and Paul in their incantations, saying, "I adjure you by Jesus whom Paul preacheth."

Similarly in the Book of Acts (19:14, 15), there is the record of the seven sons of Sceva, who used the name of Jesus as a magical incantation to expel spirits. "We have to recognize that then, as now, merely psychic power might be confounded at times with spiritual power, and produce an inflation of spiritual confidence, strangely devoid of moral quality." And we must remember that if we assert that results of such activity are always either fleeting or pretended, to go no further than the realms of evangelism, there are doubtless instances of genuine conversion at the hands of men of worthless character who rendered only lip-service to the gospel.—R. C. Gillie.

The evil spirit challenged the right of these sons of Sceva to use these names—crying "Jesus I know, and Paul I know; but who are ye?" And then the man who was possessed of the demon leaped upon two of the exorcists and overpowered them, so that they were forced to flee naked and wounded.

Paul's struggle with and victory over the demon-possessed became known with the result that fear fell upon all, and the name of the Lord Jesus was magnified. "The city became convinced that the name of Jesus must not be lightly used or trifled with, and so they magnified it."

Preparing For Christmas

Vances to Island Shipping Holy and Trees To Eastern Canada.—Five hundred tons of holly, mostly from Vancouver Island points and several times that weight of Christmas trees, will soon be shipped out of the province to eastern Canada and points in the United States. The recent seasonable touch of cold brought sharp reminders of arrangements for the festive season, the commercial end of which annually brings a tidy volume of business to producers in British Columbia.

It is now illegal for a man while intoxicated to ride a bicycle, in St. Paul, Minn. We have always understood that it is illegal for a man to be even intoxicated in St. Paul.

For Needy Children

Saskatchewan Schools May Send Helping Hand to Santa Claus

Saskatchewan schools may lend a hand to Santa Claus in preparation for his annual Christmas visitation, and so ensure that he shall have sufficient stock of toys on hand to go his nocturnal round without passing up a single home, if they respond to the call of the Provincial Boy Scouts Association and the suggestion of the Provincial Department of Education.

The Department of Education has endorsed the proposal that the schools of the province co-operate with the Boy Scouts' Association in the establishment of toy repair shops as a "Christmas Good Turn" on behalf of needy children in the community. The objective needs no amendment or explanation other than that, though depression may have penetrated the home, it shall not invade the hearts of the children during the traditional season of peace and goodwill.

In recommending adoption of the Scouts' suggestion, the Department of Education has urged co-operation of the teachers on the ground that such activities as the toy repair shop involves "correlate closely with the content of the school curriculum in industrial arts and in citizenship."

The plan of collecting and renovating toys for ultimate distribution among needy children has been developed to Dominion-wide proportions in recent years, by the Boy Scouts, Christmas of 1929 saw some 114 toy repair shops in operation from which renovated toys were distributed to some 50,000 children.

Last year, more toy shops were organized and an even greater number of needy children made happy. Saskatchewan boy scout groups contributed their share towards making the scheme an unqualified success. This year, with apparently greater need, particularly throughout the southern portion of the province, the call to service is more insistent. Recognizing the wider claim, the co-operation of the schools throughout Saskatchewan has been sought, the Department has given the movement its benison, and recommends it to the attention of school teachers. The toy repair shops should commence operations not later than November 15 and have all work cleared up by December 22, so that workers may have some time for their own Christmas preparations, it is urged.

Information on the organization of toy repair shops may be obtained, if required, from the provincial headquarters of the Boy Scouts' Association, 208 Darkie Block, Regina. Organization covers collection of old or discarded toys, their repair and renovation, and final distribution to the beneficiaries. It is suggested that boys and girls attending school collect what old toys may be available around their own homes, enlist the co-operation of relatives and neighbors in the work, and solicit aid through church and school bulletins. Having organized a source of supply of "raw material," it is necessary, of course, to have a plant, workshop or factory in which to do the renovat-

ing. Perhaps the school can lend a room, or boy scout headquarters. The church may supply the need in this respect, or some vacant store or other unused building may be placed at the disposal of Santa's young assistants. So long as the place is heated, lighted and in large enough to fulfil the requirements, it will be suitable.

Then comes the matter of the actual repairs. Some may call for industrial greater than the young people, themselves, can supply. In such cases, it is suggested that the services of the school manual training instructors be requisitioned, the assumption being that they will readily respond. Boys taking manual training also can supply demands for "skilled labor." School principals, church clubs, and teachers will be found ready to co-operate and it is suggested that, wherever a toy shop is established, an establishment of boys in the community contribute to its success.

Ordinary repair work on small toys, such experience has shown, can be done surprisingly well by a group of older boys and girls who should work under a "director of repairs" who is a Scout or with some skill in handicraft and a well-stocked tool chest. Mothers and older sisters, it is said, usually prove very sympathetic, and render material assistance in the matter of dolls' clothing and repairs on frivolous amusements.

The Scout organization issues warning, however, that workers should be garbed in serviceable old clothes for, while paint and enamel can be converted into a "director of repairs" who is a Scout or with some skill in handicraft and a well-stocked tool chest. Mothers and older sisters, it is said, usually prove very sympathetic, and render material assistance in the matter of dolls' clothing and repairs on frivolous amusements.

As regards distribution of the toys, it is suggested that the matter be handled by a Scout Group Committee (where there is one), or by a Committee of the school established to take care of it. After local needs are provided for, it is suggested that any remainder be divided among the charitable agencies in the nearest community, for distribution there, on the ground that, if a community-wide effort is made, the nearest community should be distributed to a community-wide basis.

Where toy shops are organized, leaders are requested to register with the Provincial Scout Headquarters in Regina, in order to facilitate the better organization of what has become "the greatest annual country-wide service activity" and in which many agencies are lending a helping hand. Toy repair shops also are urged to register with the nearest community, for distribution there, on the ground that, if a community-wide effort is made, the nearest community should be distributed to a community-wide basis.

The art of friendship is the greatest art of life.

Keep Foods Deliciously Fresh
Keep your foods—cakes, bread, pies, cut meats, etc.—under a covering of Para-Sani Waxed Paper. You'll be amazed at the length of time they'll stay fresh, delicious! Para-Sani keeps them from staling. Get Para-Sani in the handy, sanitary knife-edged carton. For less exacting uses ask for Appleford's "Centre Pull" Packs in sheet form.

NATIONALISTS' VICTORY SETS A NEW RECORD

London, England.—"This is no party victory," declared Rt. Hon. Stanley Baldwin, Conservative leader. "It is an emphatic declaration by the people as a whole in favor of national co-operation in order to restore the fortunes of the country. Democracy has justified itself in the most striking fashion and the patriotic instincts of our people have been revealed in all their strength."

Mr. Baldwin was speaking not merely as the leader of the Conservative party, but as the second-in-command of a government which had just amassed the most overwhelming majority the House of Commons has seen in modern times. The Conservatives, National-Labor and National-Liberal are assured a majority of 300 over all other parties combined.

The Labor party's representation in the House had shrunk from 270 to 50. Rt. Hon. Arthur Henderson, new parliamentary leader of the Labor party, who lost his own seat in Burnley, said:

"The victory establishes an overwhelming Tory supremacy. The new House of Commons will be a mockery of democratic parliamentary representation and the general national interests there is a danger of disaster."

The National Government will meet Parliament outnumbering the opposition by 10 to one. Probably never in British history has any government won so sweeping a majority. It is almost twice as large as the majority won by Mr. David Lloyd George's coalition in the famous coupon election of 1918. The nearest approach was the Liberal majority of 372 secured far back in 1832.

The Labor Party is but a wreck of what was, Mr. Henderson, its leader, is gone from the House. With him 12 former Labor cabinet ministers were defeated. Fourteen other former Labor ministers, not in the cabinet, went under with them. Rt. Hon. George Lansbury alone is left of all the late members of the Labor cabinet who declined to follow the Prime Minister. With its present standing of 30, Labor has not returned so few members to parliament for 20 years. In the general election Labor lost 235 seats without making a single gain. The Conservatives who swept the country from end to end, gained 208 seats and lost none—a record which again is probably without parallel in the history of the "Mother of Parliaments."

Pensions Cost Ontario Thirty Thousand Daily

Amount Expended For Old Age and Mothers' Allowance

Toronto, Ont.—Ontario is spending \$30,000 a day for old age pensions and mothers' allowances, Hon. W. G. Martin, Minister of Public Welfare for the province, stated to the National League of Compulsory Education officials in convention here.

Mothers' allowances cost \$230,000 a month, but benefit 6,000 homes and enabled 18,999 children to get an education and went far to solve the problem of juvenile delinquency, he said.

Blind Veteran Regains Seat

London, Eng.—Capt. Ian Fraser, the blind veteran, who is chairman of St. Dunstan's school for the sightless and who lost his seat in 1929, when he sought re-election as Conservative member for the London borough of St. Pancras, has recaptured his seat, defeating his opponent, R. Marley, Labor, and a Communist candidate.

New Cabinet Formed

Asuncion, Paraguay.—Provisional President Gonzalez Navarro formed a new cabinet to continue the Liberal party's administration of Paraguay, retaining Foreign Minister Zubizarreta and Minister of Justice Gonzalez.

In Sweden, an inexpensive cash register has been developed that requires little space and enables each employee of a store to have his own register.

Hinkler Sets Plane Record

Puss Moth Machine Used in 1800 Mile Flight

Kingston, Jamaica.—Bert Hinkler, Australian flyer, who once held the Australia-England flight record, landed here at the conclusion of a non-stop flight from New York. His time was 18 hours.

Toronto, Ont.—The flight of Bert Hinkler, noted Australian flyer, from New York to Kingston, Jamaica, set a new record for a Puss moth aeroplane, said V. O. Levick, superintendent of the De Havilland Aircraft Co. of Canada, Ltd.

The distance was about 1,800 miles. Previous record for a plane of that type, Mr. Levick said here was set by Amy Johnson, famed British aviator, recently, when she flew from London, Eng., to Warsaw, Poland, a distance of about 1,000 miles.

Officials Silent Over Seizure Of Airplane

No Information Given Regarding Capture Of U.S. Machine

Ottawa, Ont.—Officials of the customs department were reticent with regard to the seizure of a United States plane, which was taken in flight with liquor in a field near Aylmer, Que. Two machines of the Royal Canadian Air Force, transporting customs preventive officers, effected the capture.

The plane is reported to have come from Rochester, N.Y., and is said to have made several trips here recently.

Lady Astor Gratified Over Her Re-Election

Says English People Always Respond To S.O.S. Call

Plymouth, Eng.—Lady Astor, re-elected as Conservative candidate for Plymouth, Sutton, was much gratified by the result of the voting.

"England is firm as a rock," she said. "You never say 'S.O.S.' to her people but they respond."

"Women have had a great deal to do with this election. They have common sense and common humanity. Although they long for paradise on earth it isn't so easy to attain as the Socialists say."

Ontario Town Is Destroyed By Fire

Entire Business District Of Port Carling Wiped Out

Port Carling, Ont.—Practically the whole business district of this town was wiped out by a fire of undetermined origin which broke out in the basement of the Hantz Company general store. Eleven buildings were destroyed.

"Every available fire-fighter was called out. Apparatus from Bracebridge, Gravenhurst and Orillia, aided. No estimate of the damage was available.

Soviets Disappointed

London, Eng.—News despatches from the Riga credited Joseph Stalin, Soviet chief, with the statement that the British mentality is "insupportable." The Riga despatches also said that Stalin, remarking reports from Communist agitators in Britain were unreliable.

POLICY ENDORSED

Premier Ramsay MacDonald who will lead new Nationalist Government in Britain.

Less Emigration To U.S.

Fewer Visas Are Issued To Canadians, Says Report

Washington, D.C.—Only 1,004 Canadians received immigration visas for admission into the United States during September, as compared with 6,151 in the corresponding month in 1928.

The figures as announced at the state department reflect a decrease of 84 per cent. September, 1928, was used for comparison as it was the corresponding month of the last normal fiscal year.

The figures, the state department said, "show the large reduction in the number of immigration visas issued to residents of Canada since the enforcement by United States consular officers of the 'likely to become a public charge' provision of the Immigration Act of 1917."

Leaves Fortune For Crippled Children

Detroit Man Gives \$200,000 To Board Of Education

Detroit, Mich.—Louis Reberg, elderly real-estate owner, gradually going blind, turned his entire fortune of \$200,000 over to the Detroit Board of Education for the benefit of crippled school children. Half the income is to go to Reberg during his lifetime and half to be used to furnish crippled children with better educational and health facilities. After his death, income and principle are to be paid out for benefit of crippled children.

Warning Is Issued

Hon. H. H. Stevens Says That Canada Has Overborrowed

Toronto, Ont.—Canadians were too prone to regard business conditions in the Dominion with an attitude of pessimistic defeat, said Hon. H. H. Stevens, Federal Minister of Trade and Commerce, in an address here. At the same time he issued a warning that Canada had "overborrowed."

A "wise and reasonable perspective," would inspire satisfaction in the "capacity of our country to sustain its population in comfort and plenty," he declared, addressing the annual banquet of the Advertising Sales Round Table of Toronto.

Comments By London Press

National Government Organs See Vote As Crushing Blow To Socialism

London, England.—National government organs are jubilant over the election result and generally described the overwhelming victory as a crushing repudiation of socialism.

The Daily Telegraph says the "anemia of political folly and weakness" has been swift and deadly. Leaders who betrayed their trust and the party that upheld them have been taught a lesson that will long be remembered."

The newspaper adds that the National Government has a majority far beyond its expectations and that the road is open for enterprise in setting the country on its feet, and leading it into a new path of progress and prosperity.

"The result is an absolutely shattering blow to Labor," comments the News Chronicle. "There has been nothing like this landslide since 1918."

The Daily Mail attributes the government victory to a growing enthusiasm in Great Britain for tariffs and the determination of the working class to lead a death blow to "predatory socialism."

The Daily Express says the Socialist party is wiped out by the election result.

"The country has delivered its judgment in no uncertain terms upon the men who ran away," comments The Times.

Message To the Nation

Ramsay MacDonald Refers To Response To Call For National Unity

London, Eng.—Prime Minister Ramsay MacDonald issued a message to the nation, thanking millions of persons of all parties who for the moment "subordinated party feelings and issues to the pressing national needs."

"A majority unique as it is gratifying which was given today must convince the whole world that when this country calls for assistance willing hands and devoted minds will always respond heartily," the message said.

"We appealed for a demonstration of national unity. The response has been far beyond the dreams of the most enthusiastic of us."

"To my political friends who have suffered such unusual reverses and especially to those of them who with splendid faith and courage backed our appeal and helped to swell our victory, I give assurance that our triumph will in no way mean that either the interests or the point of view of the working classes will be over-looked in the performance of the task before us."

Chosen As President

Regina, Sask.—Hon. J. D. McGregor, Lieutenant-Governor of Manitoba, was elected president of the newly formed Dominion Agricultural Credit Company, organized for the advancement of livestock activities in the western provinces, at the first meeting of the organization held at the Hotel Saskatchewan.

Newspaper Staff Strikes

Mexico City.—Falling to accede to employee demands that back salaries, said to total about \$12,000, be paid immediately, the newspaper plant of El Universal, one of the two leading morning newspapers, was closed by an employees strike.

WANT EMPIRE MEET ARRANGED FOR EARLY DATE

Ottawa, Ont.—The Canadian Government will propose to the various governments of the empire that the imperial economic conference, the assembling of which last August was postponed, meet at Ottawa "at the earliest possible date." This was the statement issued to the press by Rt. Hon. R. B. Bennett, the Prime Minister.

In his statement the Prime Minister expressed the hope that former difficulties surrounding the plan for holding the conference in the Canadian capital "had now been removed."

Mr. Bennett was asked whether, in his opinion, the return of the National Convention, the return of the National Government in Great Britain would mean an early meeting of the imperial conference which, on motion of Canada at the London conference a year ago, was unanimously adjourned to meet at Ottawa "within the succeeding twelve months." In reply, the Prime Minister authorized the following statement:

"As the suggested date of meeting was later found to be inconvenient to several of the governments concerned, a postponement was necessary. The Canadian Government earnestly hopes that the difficulties heretofore preventing have now been removed; and it will immediately propose to the governments of the empire that the conference meet at Ottawa at the earliest possible date."

"This government is confident," continued the Prime Minister, "that the conference will achieve an enduring plan of closer economic association. The need for such modification is never more apparent. Canada will do its full share to bring it about."

Western Farmers Benefit

Advance In Wheat Prices Estimated To Increase Revenue By \$10,000,000

Ottawa, Ont.—Western farmers will benefit to the extent of \$10,000,000 or \$10,000,000 as a result of October advances in wheat prices, according to a rough estimate made by the Dominion Bureau of Statistics. The Bureau estimates that the increased prices may add from \$25,000,000 to \$30,000,000 to the value of wheat stocks held in all positions in Canada.

In a statement prepared for Hon. H. Stevens, Minister of Trade and Commerce, the Bureau gives the cash closing prices of wheat at Winnipeg on October 1 and on October 21.

It is on the basis of this comparison that the Bureau estimates at more than \$8,000,000 the benefit to western farmers of advancing wheat prices. Increases are registered all along the line from No. 1 Manitoba hard to No. 1 and 2 tough Northern and No. 1 and 2 Durum. The average advance, states the Bureau, is about one cent per bushel, or nearly double the bonus of five cents per bushel which is being paid.

"The farmers in the regions of high yields in central Alberta will benefit considerably since their threshing had been delayed and little grain sold as yet," the statement sets forth.

"The average farmer in this region has about 65 acres of wheat, yielding about 25 bushels to the acre, and the increase means an extra \$145 to \$150 to him."

It is significant, the Bureau continues, that these advances in prices were made during a period when deliveries of wheat were the heaviest of the season, "and thus the market was subjected to real hedging pressure most of the time."

Japan Accepts Plan

London, Eng.—A Reuters' agency despatch from Tokyo said that Japan has accepted the League of Nations plan for a year's holiday on armaments on condition it does not affect plans already authorized and that neighboring states, especially non-members of the league also agree.

Five-Year-Old Voter

Belfast, North Ireland.—Five-year-old Ernest Motherwell voted in the British general election. In Ulster no one whose name appears in the register is barred from voting if he can articulate the name of a candidate. Ernest could.

Here is a picture of the barn on the ranch of the Prince of Wales, at High River, Alberta, in which several prize cattle were burnt to death in a fire which destroyed the barn. The damage is estimated at \$18,000, and as the valuable beasts were being prepared for show purposes at the Royal Winter Fair, Toronto, all the Royal entries have been cancelled.

Holborn Happenings.

While taking a truckload of wheat to Stony Saturday morning, Truckman Hardcup had something go wrong with the truck's steering gear near Inga corner, with the result that the load spilled.

Mr Cecil Woodley, who won the first prize at the Holborn Seed Fair, recently held, has forwarded his prize sample of wheat, for exhibition purposes, to the Royal Winter Fair, to be held next month in Toronto.

Stony Plain and District

Wednesday next, the 11th, is Remembrance Day, when all places of business in Stony will be closed.

BIRTH—At 2 Meridian Rd., Stony Plain, on Wed., Oct. 28, to the wife of Mr Ernst Breitkreutz, a son.

Barth's Orchestra has been engaged to play at the dance to be given tomorrow (Friday) night, in the local hall. Invitations to this have been issued by the committee of the local Masonic lodge.

The Town Council meets tonight. Among those who attend will be a delegate from the Curling club, who will seek to obtain better terms from the Council when the club renews its lease.

Mrs M Comisarow had recovered sufficiently to enable her to leave the Edmonton hospital where she had been receiving treatment, and is convalescing at the home of friends in the City.

Saturday night seen "one of the quietest Hallowe'ens experienced here, in Stony for a decade.

His many friends here will regret to learn that Wilfrid Gallinger, the well-known sport, is confined to his home thru an injury to his foot, due to someone's careless handling of an automatic revolver.

Mr Gus Gitzel, Wembley, is in town this week.

Ex Mayor George W Donaldson motored to Edmonton on Saturday afternoon, on a business trip.

Jac Ursel Jr. left Friday for Rosevear with his gang and sawmill outfit, where he will be sawing the coming season.

Before the Utilities Comm'n

A delegation from the Inga Municipality, accompanied by Mr Jack Barrie, of Barrie's Beach, appeared before the Utilities Commission, in Edmonton, on Friday last, with regard to a change in the plan of roads on the approach to Edmonton Beach. These plans had already met with the approval of the Council of Inga M. D., but it appears that a protest had been entered by a few of those who resided in the vicinity that their rights were being infringed. The only one of the protestants to appear at this hearing was Mr Templeman, who explained his grievance at some length.

After giving the matter due consideration, Commissioner E J Fream confirmed the action of Inga councillors with regard to the change in the plan of the roads. The Inga delegation consisted of Reeve Kroye, Deputy Reeve Goerz, M McKinlay.

United Church Notes.

On Sunday last services were held at Spruce Grove, Holborn and Bright Bank.

Pastor Sander spoke from the words "I am the Way." Referring to the new book "The Road Back" the speaker said it was more important to find the road upward and onward and forward than the road back.

The chicken supper at Spruce Grove was a splendid success.

Change in Train Service.

Advices received in Stony Plain yesterday indicate that there will shortly be a change made in the running times of trains 1 and 2, the only passenger trains operating on this division at the present time. Judging by the announcement from Montreal, the westbound Continental Limited will pass thru Stony during the late morning, instead of at midnight, as at present. The east-bound, now arriving here at 6.25 a.m., will come in some time in the afternoon. The new schedule comes into effect on Sunday, Nov. 22nd. Further particulars will be given in our next issue.

Spruce Grove News

Following the chicken supper at the local United church on Thursday a successful concert was given which proved to be of a high order. Part of the concert program had been arranged by Miss McKidley, A.T.C.M., of Edmonton. There was a large attendance.

Mr E Finchbeck was a business visitor to the City on Saturday.

While the Golden Spike truck was taking home a load of goods on Friday night, a wheel struck a rut, dumping the truck.

Spruce Grove Councillors met on Monday last, in an all-day session.

Mr W A Ries heads the Grove delegation from the U.F.A Local to the convention at Magnolia today.

U.G. G. Meets in Calgary.

The annual meeting of the United Grain Growers Ltd. opened in Calgary yesterday. Mr R S Law, Winnipeg, the president and general manager, is presiding, and there are 350 to 400 delegates in attendance.

Going West—Sun., Tues., & Fri. nights at 10.31. Every midnight at 24.13.

2 Meals a Day, Plenty Water, Helps Stomach.

"Since I drink plenty water, eat 2 good meals a day and take Adlerika now and then, I've had no trouble with my stomach."—C. D. Forrest.

Unlike other medicine, Adlerika acts on BOTH upper and lower bowel, removing poisonous waste which caused gas and other stomach trouble. Just ONE spoonful relieves gas, sour stomach and sick headache. Let Adlerika give your stomach and bowels a REAL cleaning and see how good you feel! J. F. CLARKE's drugist.

Accident at Blueberry Corner

On Sunday evening last when Mr. Leo Jeroka of Stony Plain was nearing Blueberry corner with his truck he noticed a motorcyclist pass him on his right side, and presently he noticed another motorcyclist pass him on the left side of his truck. The latter cyclist had not proceeded far when his machine keeled over, throwing its rider right in the path of the truck. Leo applied the brakes, but was unable to come to a complete standstill in the short distance. The cyclist, with rare presence of mind, saved himself by grabbing the truck's fender, but the truck's left front wheel passed over his legs.

The injured man was taken to Stony by Mr. Max Kast, where it was found, his right leg was badly lacerated. The injured man was, later, removed to the Royal Alexandra hospital.

Glee Club's Dance.

Decorations a la Halloween turned the local dance hall, on Friday evening, into a veritable fairy-tower. The occasion was the dance given under the auspices of Stony Glee club, and the usual good crowd attended, drawn from the district and Edmonton. Dave Nichols and his company of musicians seen that everyone was pleased with the dance tunes provided.

The Butterfly Quilt.

The beautiful butterfly quilt in the window of Hardwick's Dept. Store is the cynosure of all eyes, and many are the exclamations of delight made, upon seeing it, by those who are good judges of this class of work. This fine piece of workmanship will be taken down to Holborn Hall on the evening of Friday Nov. 13th, where it will go to the holder of the lucky ticket. There is to be a dance there, that night, under the auspices of the U. F. W. A., and the events put on by this organisation are usually well patronised.

Hansen's Corners.

Hansen's Schoolhouse presented a lively appearance on Friday evening last, it being the occasion of the annual masquerade ball, given by the Joy-makers' club. Many and varied were the costumes seen—from the Mexican Vaquero to the oldtime Henry VIII in the men's class, and the Village Maiden to the Queen Elizabeth costume, in the ladies class. Etock's orchestra supplied the music, and the lunch provided, by the ladies was greatly appreciated, and disappeared rapidly.

The Wheat Bonus Again

Now that the prices of No. 1 Northern wheat is climbing up to where it belongs, farmers are beginning to sit up and take a little more interest in the situation, especially when the 5c bonus brings the price of No. 1 to the wheat grower to over half a dollar.

A view of the situation from a different slant is given by a writer in a City daily, who says he "would like to know what is going to be done with regard to the wheat bonus and the hailed out farmers. The bonus money will come out of the taxes, so we will have to pay our share, and when we buy our seed it will cost us that 5c extra. As things are at present, the hailed-out farmer, who has nothing, will pay twice to bonus the man with a good crop. The farmer who was hailed out should certainly get his share."

Personal Greeting Cards.

The Stony Plain Pharmacy has received its samples of Personal Greeting Cards, and these are now on display on their counters. The lines in the sample books cover cards for every phase of life—Personal, Business or Professional—and will be sure to please you no matter what you desire in the way of personal greeting cards for Christmas. The prices are low this year.

Can't Get Leather.

Moscow has a shoe shortage. They haven't any leather. They cannot get leather off the Moscovs.—Mueller Magazine.

Quite Correct.

"Doing without things does not pay," says an expert on economy. But some of those who don't do without don't pay either.—Edson Signal.

And Rarely a Crop Failure.

Most of these aerial stories seem to be about people sowing wild oats, says an exchange; and another remarks that there ain't no crop failures.

Try a Hoover.

"I have a terrible cold, and my head seems all stopped up. I hardly know what to do," said a high school boy.

"Have you tried a vacuum cleaner?" inquired one of the girls.—The Representative.

Another Sheik Story.

All the girls and unmarried ladies, yes, and even a few old maids in Thorby are beginning to take notice of the good looking blonde boy from Calmar whose expert dancing and winning ways have caused many a heart to ache.—Thorby News.
